1st International Conference on Applied Health Informatics
Date: 11th and 12th January 2020
Venue: R. L. Swarankar Auditorium, MGUMST, Sitapura, Jaipur

**ANNOUNCEMENT
BROCHURE**

Organised by: Mahatma Gandhi Medical College(MGUMST) & Telemedicine Society of India (TSI) - Rajasthan Chapter

Dear Sir / Madam ,

It gives us immense pleasure to invite you to the 1st International Conference on Applied Health Informatics on the 11th and 12th January 2020 at R. L. Swarankar Auditorium , MGUMST , Sitapura , Jaipur, Rajasthan. This Conference is being jointly organised by the Mahatma Gandhi Medical College (MGUMST) and the Telemedicine Society of India (TSI)- Rajasthan Chapter.

The Theme of the Conference is “ Workforce Development in Digital Health”.

Since the beginning of new millennium, the effect of digitalization can be seen in every aspect of our lives. With the advent of smartphone technology and 3G and 4G, digitalization at global scale has become possible. There is an emergent need of workforce development in digital age particularly in the field of healthcare. International bodies such as the World Health Organisation, United Nations, and many other countries have been engaged in development of digital health workforce at global scale.

The discussions in this conference will focus on the workforce development in digital health at primary , secondary , tertiary care, corporate and government and various other levels. It is a well known fact that there is an emergent need of trained and qualified workforce to lead and execute various digital health projects which have been initiated at national and global scale. The experts will also talk about issues , challenges, opportunities related to workforce development in digital health and the related employment skills needed in various sectors.

We would like to invite professionals, academicians, researchers, industry , E- Government functionaries is superfluous with workforce development and training research innovations in digital health.

This mega event will host renowned international and national faculty, innovators and experts in various aspects of telemedicine and digital health. The conference will not only be attended by delegates from India but from various countries of the world. The delegates attending this conference will benefit from the scientific bonanza and excellent networking opportunities.

We believe this conference will be a lifetime learning opportunity for every delegate irrespective of their field of interest as the scientific extravaganza will be a fine blend of Telehealth and E- Health.

The delegates will also experience the world renowned hospitality and beauty of Jaipur, famously known as the Pink City.

We hope to see you soon in the magical city of Jaipur.

Warm Regards,

Health is Wealth
Keep this treasure Safe
